EDUCATION

Northern Kentucky University (NKU), Highland Heights, KY

May 2026

Bachelor of Science in Computer Science

GPA: 3.45

Minor: Mathematics

PROFESSIONAL EXPERIENCE

IT Intern, Kadant Black Clawson Inc., Lebanon, OH

May 2025– Present

- Deploy and configure Windows laptops, join devices to the Kadant domain, and provide technical support for system setup, user accounts, and software/hardware issues across departments.
- Revamp internal IT systems by identifying inefficiencies, rewriting outdated instructions, and simplifying onboarding processes.
- Contribute to company-wide AI adoption by attending technical trainings and helping non-technical staff understand and apply AI tools in their workflows.

Peer Career Coach, Career Services at NKU

Aug. 2024 - Present

- Coached over 70 mock interviews, improving resume quality and interview confidence through personalized feedback and insights.
- Assisted with technical setup and troubleshooting at career fairs and events, ensuring smooth operations for employers and students.

Student Representative, Faculty Search Committee, NKU

Sept. 2024 - Present

- Serve as the student representative on the College of Informatics faculty search committee, where I have reviewed applications and interviewed 50+ candidates, providing student-focused insights to support informed hiring decisions.
- Developed critical attention to detail and problem-solving skills when evaluating applications and discussing candidate qualifications.

RESEARCH EXPERIENCE

Undergraduate Student Researcher, NKU, Highland Heights, KY

May 2023 – July 2023

“Face Recognition with Unlabeled Data” | [QuickLink](#)

- Analyzed data derived from UMIST Face database, consisting of 564 images from 20 subjects.
- Evaluated eigenvectors (40, 70, and 100) to understand their effect on classification accuracy.
- Conducted data analysis and classification modeling, optimizing face recognition accuracy to 83.16% using KNN with 70 eigenvectors.

Research Publication – Accepted at ISCA

April 2024 - Present

“From Angry Reviews to Classroom Success: Using LLMs to Synthesize RateMyProfessors.com data” | [QuickLink](#)

- Conducted data analysis using SQL and Python, working with survey data from 228+ students.
- Identified key motivators and barriers, focusing on performance expectancy, effort expectancy, and social influence.
- Developed data visualization tools to improve higher education evaluation metrics.

PROJECTS

Pantry Tracker (React.js, Node.js, MongoDB, Firebase)

May 2025 - Present

- Building a full-stack pantry management app for shared apartment living to track purchases, manage fridge inventory, and split costs.
- Integrating live stock data API, building a custom UI, and implementing Firebase Firestore to enable real-time data storage & retrieval.

Stock Analysis Mobile App (Kotlin, Firebase, Android Studio)

May 2025

- Developing a mobile stock analysis app using Kotlin and Firebase, enabling users to track stocks in real-time.
- Integrating live stock data API, building a custom UI, and implementing Firebase Firestore to enable real-time data storage & retrieval.

Mock Interview App (Next.js, TypeScript, Gemini API)

Feb. 2025

- Developed a mock interview platform during a hackathon, integrating AI-powered feedback for interview responses.
- Gained hands-on experience with troubleshooting technical challenges and improving user experience.

Pet Shelter & Apartment Reviews App (Node.js, MongoDB, HTML, CSS, Bootstrap, jQuery)

April 2024

- Developed a full-stack application allowing users to leave and view reviews and ratings for pet shelters and apartments.
- Built a scalable backend with Node.js and MongoDB for efficient data management and designed a responsive frontend.

SKILLS

Technical Skills: Java, C++, Python, Git, REST APIs, SQL, Object Oriented Programming, Data Structures and Algorithms, AWS, Jira

Professional: Customer Service, Problem-Solving, Analytical Thinking, Resilience, Teamwork, Quick Learning, Communication, Working Under Pressure, Time Management, Patience, Attention to Detail
